

The German International School Abu Dhabi GISAD

STUDY AT GISAD AS A NON-GERMAN SPEAKER WITH A LINGUISTIC INTEGRATION PROGRAM

for candidates with a prior school career outside the German curriculum who benefit from intensified lessons in the German language

The German International School Abu Dhabi (GISAD) offers German and non-German speaking students the opportunity to obtain the German Abitur, which qualifies students for university studies not only in Germany but worldwide.

We have made significant progress in our linguistics department for non-German-speaking students over the past years, benefiting from small learning groups and integrating a new learning method.

To accommodate the high frequency of requests regarding the integration of children in later years, we are now opening our program to different age groups through our extensive linguistic integration program. We are looking for students who are already academically high-achieving outside the German curriculum, who wish to pursue the goal of the Abitur but have little prior knowledge in German.

GISAD is an Excellent German School Abroad, certified by the German government. We have made it our mission to develop and grow for the benefit of our school community. Due to the nature of the integration program, spaces for the upcoming school year 2020/21 are limited but available.
